

ISTEC Library Linkages Initiative Statistics

LibLink Time Line of Delivery

General Assembly Report 2001

This past fiscal year was a good one for LibLink. As can be seen in the report the Initiative is gaining members and increasing its delivery. Universidad de La Plata, Argentina received 1,097 documents the first six months, then 806 the next. Universidad de los Andes, Colombia, Pontificia Universidade Católica do Rio Grande do Sul, Brasil, Universidade Estadual de Campinas, Brasil, and Universidad de la República, Uruguay all requested large numbers of documents. Currently we are sending articles from the Science and Engineering Library, Zimmerman (Humanities), Health Science, Business, CISTI, and NMT, with most requests for Science and Engineering Library and Zimmerman.

At the beginning of August, CISTI no longer became free. Most participating members in CISTI have opened accounts with ISTECS. One pays monthly, as per amount of requests to CISTI. Since then the amount of requests to CISTI have dramatically dropped. The first six months of activity showed CISTI use at \$6,676.30, with most of that in July. The second half of the fiscal year with a mere \$155.20 purchased. Currently ISTECS is charging \$15 per article requested to CISTI.
