

Table 1. Races of *Eucalyptus globulus*, region of provenance, number of individuals sampled and mean phenotypic trait values (Pilodyn penetration measurement –PILO– and diameter at breast height, 1.3 m –DBH–).

Race	Provenance	Lat.	Long.	n	PILO (mm)	DBH (cm)
Strzelecki	Jeeranlang	38° 47'	143° 35'	6	10.00	13.15
Western Otways	Otways National Park	38° 20'	146° 31'	6	11.94	12.65

Figure 1. Vulnerability curves (VC) from two races of *Eucalyptus globulus* with high and low wood density, growing near Balcarce, Buenos Aires province, Argentina.
